

WHEREVER GOLF IS PLAYED

Assembly Instructions for 5' Classic Bench with Steel Panels

- 1) Attach seat panel (angled board forward) with (4) 1 ¼" bolts (do not fully tighten at this time)
- 2) Attach back rest panel with (2) 2" bolts - (make sure holes in panels line up with holes in end frames)
- 3) At this time, fully tighten all bolts to ensure proper installation

Note: if replacing wood lumber with steel panels, there is no longer a need for support rods or brackets.
